

# User Group Conference Call

5/9/2013 and 5/16/2013

Training Hours – DIMS .5 hr; DFM .75 hr; Votec - .5 hr

## Update from state

1. We are looking at additional fields that we'd like to add to our OLVR records when sending a MyVote registration or address change to counties (they both go as new voter packets) – if we send new xml fields, can the vendor system ignore these until they are ready to parse the data into their system? (See Attachment A)

Language preference (only King County currently)

Ballot delivery method (for UOCAVA)

Former name for name changes

Name variation for address changes (when DL name is different than registration name, like a nickname that is used for reg. name.)

Former address

(DFM has fields for ballot delivery method, former name and former address. They'll need more specs on how we handle name variations.)

2. Motor Voter – looking at adding military code (1).
3. Issue Date – The Issue date field has been added to the security check for new registrations and address changes. This is because the DL number can be calculated if you have a person's name and birth date. This adds more security because the issue date is not public information – so cannot be 'calculated' – the user must have the DL card to find the issue date.
4. ERIC – We will be uploading new data at the end of May for use in maintenance reports. We'll receive deceased voters (that our check doesn't find), possible duplicate registrations, and address updates. We'll initially send these via excel files, but would like to add to the VRDB list maintenance in the future.
5. Statement/Photo upload error on Mac computers?

## VENDOR UPDATE

### DIMS

- If you have DIMS v8.9 - 4060 report patch coming.
- National conference at the end of June. Flyer coming with details.
- Currently there is no plan for a user group meeting at our Elections Conference. [Update – Lisa will be contacting counties about this.]

### VOTEC

- Topics at Elections Conference
  - Intelligent barcode
  - Noticing
  - Batching

Underlined means on call.

DIMS Call Participants

State: Patty, Nick, Randy

Vendor: Ross, Lauren, Lisa

Clark: Cathie, Susan

King: Dale, Chris Raver, Chris Rudolph, Jacob, Jerelyn, Kim, Joe McCleve, Evelyn, Ekachai, Lynda Smith, Travis, Karen Collen

Kitsap: Kathy, Dolores

Pierce: Dave, Mike, Mike Fitta, Brad

Snohomish: Michelle, Wendy

Stevens:

Whitman: Debbie

Yakima: Kathy

Votec Call Participants

State: Patty, Nick, Randy

Vendor Samantha, Randy P

Adams Heidi

Asotin Darla

Clallam Julie, Patty

Columbia Sharon

Douglas

Ferry Diana, Liz

Garfield

Island Michelle

Kittitas Sue, Sylvia

Klickitat Brandi, Sheryl, Brenda

Lincoln Tina

Okanogan Joe

Skagit David

Skamania David

Wahkiakum Diane

DFM Call Participants

State: Patty, Nick, Randy

Vendor: Bruce, Amy, John Diane

Benton Stuart

Chelan Stephanie, Nicole, Nissa

Cowlitz Jeremy

Franklin Rosa, Diana

Grant Sue, Trish, Deidre

Grays Harbor Katy

Jefferson Betty

Lewis Heather

Mason Fina, Susan, Lauren

Pacific Noy, Scott, Pat

Pend Oreille Liz

San Juan Doris, Carlys

Spokane Mike

Thurston Tillie, Lynnette Ann, Lynn, Carol

Walla Walla Dale

Whatcom Diana, Amy

- KT district sync packets aren't all going to state. Looking into. State is re-triggering. If it happens again state needs to send more detail.
- Looking into problem with OLVR records when there isn't a signature.
- New Helpdesk – login, submit a ticket, and it will track the ticket  
Will send an email when something is done.  
Linked with development tracking system.
- Send specs for Candidate Export to Samantha/Support.

#### DFM

- EIMS is not a cast certified application so does not support intelligent barcodes at this time.

## County Comments

Clallam – Using I-pad brought up 2012 candidates who filed.

Clallam needs to edit their candidates page to take the text out of top.

Island –Can't see candidates who filed using mobile app.

Prioritize high adding suffix to OLVR registrations.

#### Pacific

Is there a way to get intelligent barcodes for mailings? It isn't offered through EIMS at this time. (Must come from cast certified application.)

#### San Juan

Apostrophe (O'Donnell) in online candidate filing displays funny text for the apostrophe.
